OF FOOD PINCH.Get Busy or We'll Have to
Import It, He Says.Excess Profits Tax Wrong;
People Pay, He Asserts.Suggests Commission of Farm-
ers and Economists.

(By A. P. NIGHT WIRE.)

WASHINGTON, May 25.—Decrease in agricultural production may result in this country becoming dependent on overseas food supplies, Herbert Hoover declared today in a letter to Representative Riddick, Republican, Montana, setting forth the former Food Administrator's view "as to practical measures to insure better returns to the farmer for his labor and investment."

Mr. Hoover suggested the creation of a commission composed of highly trained farmers and able economists and financial experts to consider the causes and remedies for the situation.

Asserting that the present high price of commodities will "sooner or later" decrease, Mr. Hoover said "this condition must not begin to be a permanent one. It is a temporary condition outside the United States; wild extravagance and misuse of extended credits for speculation and profiteering and nonessential production, are contributing factors in the present inflated prices, he wrote.

When the collapse occurs, he predicted, intermediate dealers "will be able to pass the greatest portion to the back of the farmer."

"War deterioration in our transportation facilities has created periodic shortages in the free flow of food from the farmer to the consumer," the letter stated. "This has compelled the consumer to buy during a local shortage, and the government-owned ships have been unable to sell his product during a local glut."

The condition of inflation of credit, since the armistice has extended speculation and profiteering by expanding the borrowing facilities to any food distributor who wanted to indulge in such practices, and has widened the margin between the farmer and his market, likewise increasing the price of supplies that the farmer must buy.

The burden of taxation is wrongly distributed, Mr. Hoover declared, pointing out that the entire profit tax is an appointment to food manufacturers and distributors to collect taxes for the government by adding them to the margin between the farmer and the market."

SYSTEM WASTEFUL.

"The whole marketing system in many of our commodities is inefficient, wasteful, and increases the margin unduly," the letter continued. "Our manufacturing industries have developed out of pace with our agriculture and labor is being drawn in thousands from the farm to the town at wages with which the farmer cannot contend."

A commission studying the whole situation, Mr. Hoover declared, would deal with those things which cause common sense with which similar commissions of farmers and economists during the war with equal consideration for farmer, distributor and consumer."

of the world's supply. Persian oil, which is controlled by British capital, is about 2 per cent. British companies have also some production in Burma, but the total is relatively small.

"In time of emergency British interests controlled about 5 per cent of the world's output."

It had been said, Mr. Auckland continued, that Britain sought rights over undeveloped oil and a future monopoly through control of Baku, Batumi, Palestine and Mesopotamia. Britain owned none of these.

Mr. Auckland said that British oil rights in Persia were "purely commercial and not political." He said that the British had no intention of dealing with the problem themselves. He said he wished to deny that Britain had any intention of dealing with the problem themselves.

(By A. P. NIGHT WIRE.)

SAN FRANCISCO, May 25.—Curtailed use of gasoline to pleasure cars in California to 50 per cent of normal consumption so that vital industries and activities shall not be crippled during the present shortage was declared today by the California State Automobile Association.

It was announced that the curtailment period must last ten weeks if its purposes are to be effected. "Businessmen," the association said, "must realize that the situation is not a temporary one."

He said he believed the present wide variation in prices to wholesale was due to demand exceeding supply and that jobbers must be allowed to make a fair profit on sugar if trouble was to be avoided.

In reply to inquiry as to why he sold sugar when it showed the firm a net loss, he explained: "The trade buys its other goods where it makes its sugar purchase," he said.

Mr. Haile said increased overhead expenses, amounting to 2 1/2 per cent more for the first quarter of 1920 than for the same period last year, were due to the "high cost of loafing."

"We can't seem to get anything done," he added. "The same amount of sugar is being produced, but it is being sold at a higher price than it was last year."

JOHNSON HOLDS LEAD IN OREGON
Last Friday's Primaries Not Yet All Counted.

Texas Republicans and Democrats in Convention.

California Primary's Official Count Announced.

PORTLAND, May 25.—Complete returns from twenty-five of the thirty-six counties in Oregon and incomplete returns from the remaining counties, compiled at 5 o'clock tonight, gave Senator Johnson a lead over Maj.-Gen. Wood in last Friday's primary election of 1443 votes. These figures are based upon returns to the Portland Telegram, Portland Oregonian and to the Associated Press.

It was estimated tonight that there were less than 4000 more votes to be counted. The total vote, according to these compilations, gave Johnson, 43,933; Wood, 42,250.

DELAWARE CONVENTION.

DOVER, May 25.—Delaware Democrats in State convention here today chose six delegates to the Democratic National Convention and elected United States Senator Josiah O. Wolcott, a member of the national committee over former Senator Willard Saulsbury.

The delegates were chosen without contest and were not instructed.

Approval was given by the convention to the League of Nations covenant without destroying or nullifying reservations.

OVERHIDES LOWDEN.

SPRINGFIELD, May 25.—Mayor William Hale Thompson of Chicago demonstrated his control of the Republican State Central Committee tonight by proceeding with the organization of the committee against the wishes of Gen. Lowden, Congressman Frank L. Smith of Dwight, a re-elected State chairman, and Harry Ward of Duquesne was elected secretary. Both had Thompson's approval.

DODGES DRY ISSUE.

BALTIMORE, May 25.—The Republican State convention today passed the prohibition issue to individual candidates and refused to give record on the question.

The convention ratified the choice of Gen. Leonard Wood as the party's choice in the primary. Wood getting 114 votes and Johnson 12.

Eight delegates-at-large to the Chicago convention, each entitled to one vote, were chosen.

SMALL VERMONT VOTE.

MONTPELIER (Vt.), May 25.—The official canvass today of the vote at the Presidential primaries of two weeks ago showed a total of less than 6000 votes cast throughout the State. In the Republican primaries, Gen. Wood, who came from William Webster of New York, was the

DANIELS-FISKE SCRAP REVIVED.
Old Controversy Relashed by Senate Committee.

Members Accused of Digging Up Ancient History.

Secretary and Chairman Enjoy a Little Spat.

WASHINGTON, May 25.—Secretary Daniels accused the Senate Naval investigating committee today with digging up ancient history and airing the grievances and grudges of disgruntled naval officers. The accusations came after a long series of questions from Chairman Hale regarding disappearance in 1914 from the files of the Navy Department of a letter from Rear-Admiral Bradley Fiske on naval preparedness. Mr. Daniels told the committee that he had no objection to prolonging the hearings by going back as far as 1914, but said he did not see how the matters referred to had any bearing on the question of naval conduct of the war. Chairman Hale replied that he was seeking to show that Secretary Daniels was warned by his chief technical advisers that the American Navy was not prepared for war previous to the entry of the United States into the war.

The chairman virtually charged Mr. Daniels, at another point, with having withheld from the Senate a letter from Rear-Admiral Austin M. Knight, written in August, 1914, advising the immediate withdrawal of American battleships from Mexican waters and the preparation of the navy for possible eventualities resulting from the World War then just beginning. To support this contention, Senator Hale read a Senate resolution asking for communications from the Navy General Board regarding war preparation of the Navy and a reply from Mr. Daniels declaring he had no communication on the subject. Admiral Knight's letters, the chairman said, were in Mr. Daniels' possession at the time and bore vitally on the subject of preparedness.

Secretary Daniels, in reply, said he had not considered Admiral Knight's letter as an official communication from the general board, had not considered that it related to preparation of the Navy, but was rather an elaboration of Rear-Admiral Fiske's insistence that the battleships in southern waters be brought home at once.

IMPROVEMENT IN CAR JAM SHOWN

Less Than 170,000 Now Tied Up, According to Report.

New York Pledges \$500,000 for Truck Line.

Texas Needs Help to Move Grain and Melon Crop.

(BY A. P. NIGHT WIRE)
WASHINGTON, May 25.—Reports to the Interstate Commerce Commission today from its agents throughout the country showed a continued, but slow improvement in the railroad freight congestion situation. The report of the American Railway Association's car service commission showed a reduction in the number of cars tied up from 235,000 on April 24, to less than 170,000.

SAN FRANCISCO, May 25.—The car shortage is of even more vital importance to short line railroads than to the big roads, because it imposes much greater proportional hardship to the communities served by the small lines, according to sentiments expressed today at a meeting of California, Nevada and Southern Oregon members of the Western Association of Short Line Railroads.

NEW YORK, May 25.—A fund of \$500,000 was pledged today by more than 2000 business men to finance an independent trucking corporation, in an effort to relieve the tie-up of freight in the city resulting from strikes of various labor organizations.

TEXAS WIRE FOR HELP.
(SPECIAL DISPATCH.)
AUSTIN (Tex.), May 25.—In a recent telegram to the Interstate Commerce Commission, the car shortage situation in Texas is explained by the Railroad Commission. Particular reference is made to the need of cars with which to move the grain crop of the Panhandle region. The telegram said:
"Generally speaking, Texas condi-

tions, while not normal, can be borne with some notable exceptions. The Panhandle & Santa Fe has 2400 cars of bulk grain to move, part of which is on the ground and damaged. It is urgent that cars be furnished suitable for bulk grain loading to handle the grain before the new crop is harvested. Fort Worth & Denver has 750 cars bulk grain, some of which are on the ground. They need help with additional cars to move before the new crop.

"At Galveston port there are 2600 cars of grain unable to unload on account of the elevators being full. This is caused by lack of vessels to ship grain already sold. We urge your vigorous efforts with the Shipping Board and British embassy to secure additional vessels allocated to Galveston for moving this grain, thus releasing this large number of cars, which are in condition for bulk grain loading. British locomotives are much desired. Railroads are threatening an embargo against grain to Galveston unless situation is speedily relieved.

"On account of the vegetable and watermelon movement in Southwest Texas, beginning in about two weeks, they need approximately 2000 ventilated cars, with only 500 in sight, principally San Antonio & Arkansas. Pass railroad, whose equipment fitted for this trade to on foreign lines and they are unable to get returns. They need your assistance at once, otherwise great loss will result. Vegetable growers in Rio Grande Valley are greatly in need of express cars. Some Texas lines have few more cars than absolutely necessary, but these are being sent to other congested territories. Many Texas are renting power. On the whole, outside of conditions named, our opinion is Texas can handle the situation at present."

REVEAL DISCUSSIONS ON U-BOAT WARFARE.

PUBLISHED PROCEEDINGS REVEAL CONFERENCES OF MILITARY OFFICIALS.

(BY CARL AND ASSOCIATED PRESS)
BERLIN, May 25.—Secret protocols on the submarine war now published, include an account of the conference held at Pless, Jan. 5 and 6, 1917, between Field Marshal von Hindenburg, Gen. Ludendorff, Admiral von Holtzendorff and other naval officers.

Admiral von Holtzendorff advocated unrestricted U-boat war on which, however, he asserted, the German Emperor, and Chancellor von Bethmann-Hollweg seemed to be lukewarm.

During the course of the conversations, Admiral von Holtzendorff said: "What shall we do if the Chancellor refuses?"
Von Hindenburg: "That is what's bothering me, too."
But Von Hindenburg repeatedly refused, saying he could not talk in the Reichstag. Finally the Field Marshal said: "Well, then, we will stick together. It must be. We reckon with war with the United States and have made all preparations. Things cannot get worse. The war must be shortened by every possible means."

Then Von Holtzendorff said: "His Majesty is not familiar with the situation and the sentiment among his own people."
Admiral von Holtzendorff went on: "Dr. Helfferich (former Vice-Chancellor) said to me: 'Your road leads to catastrophe.' I replied: 'You let us drift into catastrophe.'"

Another document gives an account of the conversation between Field Marshal von Hindenburg, Gen. Ludendorff and Chancellor von Bethmann-Hollweg at Pless on Jan. 8, 1917, at which Von Bethmann said: "U-boat war is the last card. It is a very grave decision. If the military authorities regard it as indispensable I am not in a position to deny it."

Von Bethmann-Hollweg also said: "America's aid, if it comes in, will consist of foodstuffs for England, financial assistance, flying machines and a volunteer army."
Von Hindenburg: "We will do them all right. The opportunities for unrestricted U-boat war are as favorable now as they ever will be. We can and must carry it out."

CHINESE STUDENTS' STRIKE CONTINUES.

30,000 QUIT IN SHANGHAI IN PROTEST AGAINST JAPANESE NEGOTIATIONS.

(BY CARL AND ASSOCIATED PRESS)
SHANGHAI, May 21.—(Delayed in Transmission.)—The strike of students in fourteen provinces of the country, begun April 14, because of the refusal of the government at Peking to reply to demands that the government announce publicly that no negotiations with Japan on the Shantung question would be opened, and that it make public all secret agreements already entered into, continued throughout April, and much speculation has been indulged in as to the outcome of the movement.

In Shanghai, 30,000 students of ninety-two schools quit, and in many other large centers the strike quickly assumed serious proportions, particularly after the support of merchants in many places had been won over.

On April 23, all the Chinese stores of Mantai, the native city of Shanghai, closed their doors and the following day, after two girls students had been arrested, a throng of students stormed the police station. In this clash several persons were injured, but none seriously, and the police succeeded in dispersing the gathering.

CANADA AND AMERICAN SALMON PACT SIGNED.

(BY A. P. DAY WIRE)
WASHINGTON, May 25.—A treaty between the United States and Canada covering the sock eye salmon fisheries was signed today by Secretary Colby for the United States, Ambassador Geddes for Great Britain, and Sir Douglas Havel for Canada.

The treaty provides for the protection, preservation and propagation of the sock eye species of salmon, and for the fisheries in waters contiguous to the United States and Canada and in the Fraser River system of British Columbia.

Denver to Control Traction System.
(BY A. P. NIGHT WIRE)
DENVER, May 25.—Municipal control of the city traction system until July, next year, when the electorate shall vote on public ownership, is the intent of a bill passed on first reading by the City Council last night to prevent a strike of streetcar men June 1.

Why you are interested in an American merchant marine

PATRIOTIC Americans agree that a merchant marine is necessary to the Nation's welfare in peace and vital to its safety in war.

For decades before the war our flag was rarely met at sea.

America could not meet the competition of foreign ships, more cheaply operated and often fostered by government aid.

We have a great merchant fleet.
We must keep it.

But we must maintain American standards both in the shipyard and on the sea.

The Seaman's Act of 1915 improved conditions on board American ships and awakened a new interest in seafaring.

Legislation now pending in Congress

aims to perpetuate our war-built merchant marine.

American labor is vitally interested—

Because busy shipyards employ tens of thousands of men (350,000 during the war); there are as many outside of but dependent on the shipyards; ships employ thousands more;

Because our shipyards and ships cannot exist—much less pay high wages—unless wise shipping laws are enacted;

Because more ships mean more foreign trade, which spells more work for American labor. What department store would deliver its goods in its competitor's motor vans?

This legislation declares that the policy of the United States is "to do whatever may be necessary to develop and encourage" a merchant marine.

This policy merits the support of every American.

NEIGHBORS IN ROW OVER ROOF.

Two Inches of Heavy Top Load to Damage Suits; Injunction Asked.

Henry James Smith and his wife, Mary Elizabeth Smith, of 414 West Forty-first street, were given a grievance in a suit filed yesterday against John Schumacher and his wife, Margarita Schumacher. They complain of an overhanging roof on the Schumachers' house at 414 West Forty-first street. The Smiths say rain from this roof falls on their lot and they are put to great labor and expense to clear up sand and mud from the lawn and rake the debris from their flower beds.

The Smiths ask for \$1000 damages and an injunction compelling the defendants to shorten their roof.

JURY OUT FOR NIGHT.

Dullahan Ten Hours Without Verdict in Flowers Case.

The jury trying Sydney R. Flowers, charged with criminal syndicalism, in Judge Valentine's court, was locked up at 10 o'clock last night following ten hours of deliberation during which no verdict was reached.

The first trial before Judge Hennessey resulted in a dismissal. The second trial has occupied twenty-one days.

There are six women on the jury. Because of the mixed jury, the court arranged the argument so that the jury should be sent out early, hoping to reach a verdict in a few hours. The jury comprised O. R. Clanton, F. J. Ratta, W. W. Dennis, Mrs. Ellen N. Cate, Mrs. Carrie Williams, Mrs. M. Hill, Mrs. Sarah Shaw, W. H. Bryant, Mrs. C. A. Berry, Mrs. Hugh H. Porter, Mrs. Olive Weber and J. B. Farish.

MUST PAY SON-IN-LAW.

Judgments for Dead Wife's Keen and Care to Cost Widower \$2000.

Daniel P. Boswell must pay his son-in-law, Henry O. Goebel, \$2000 for money advanced and for the care of Mrs. Goebel during the time she was living apart from her husband. The suit was brought by Mr. Goebel against his father-in-law. The evidence was to the effect that the Boswells had been married a woman twenty years his junior, rented their home against his will as children and "carried water to live in a garage." She refused and became hysterical, he says, she refused to leave the house, an altercation ensued and the police were called in.

Mrs. Boswell went to her son-in-law's home where she remained nearly two weeks. Her husband, Mr. Goebel claims he expended for her food and Mrs. Boswell during that time \$2000.

TO GET "BIG HUTCH"

Papers Forwarded to New York for Return of Suspect.

Extradition papers for Everett L. Hutchings, known to the police as "Big Hutch," were received yesterday from Sacramento by Dist. Atty. Worcester and forwarded at once to New York, where Malcolm MacLaren is now waiting to bring Hutchings here for trial. Hutchings was arrested last July, having been indicted by the county grand jury in February on a charge of defrauding J. B. Norrie, a wealthy farmer and business man of Decatur, Ill., out of \$51,000 in a supposed stock deal.

ARRESTED HERE FOR CHILD ABANDONMENT.

Clinton Osborn was arraigned yesterday before Justice Hanly on a fugitive warrant from Onondaga county, New York, charging child abandonment. It is charged that he abandoned Doris Osborn, his daughter, Paul Walter, aged five, and that the girl was set for the 15th of next month, when Harry A. Chamberlin, the man's attorney, will resist extradition. Osborn was cited by Detective King of the police department.

NEW JERSEY FOLKS TO HOLD REUNION.

Dr. Clinton P. Moore announces Dr. Charles C. Saleman as one of the speakers for the annual reunion of all New Jersey folk in Moore Grove, next Monday. There will be county registers and good hot coffee. Every one is asked to bring cup, spoon and dinner. Mr. Moore will preside and voice the welcome. Dr. Saleman will speak on Americanization. The program will be along patriotic lines appropriate for Decoration Day. All New Jersey folks are urged to attend. The annual Veneration (N. J.) picnic will be held at the same time and place.

WANT THEIR BONDS BACK.

W. E. McLaren, accused of defrauding A. Arlo Jones, J. M. Kline-Smith and James J. Folger out of \$4000 in Liberty Bonds, was arraigned yesterday before Justice Summerfield. Bail was fixed at \$1000 and the defendant was committed to the County Jail. McLaren was arrested by Constable Thomas. It was charged that he used the Liberty Bonds as security in a business deal with the other men and that when the deal fell through he failed to return the bonds.

CIRCUS MAN'S TRIAL ENDS.

All the evidence in the case of Alpheus G. Barnes-Stonehouse, circus magnate, accused of perjury during the trial of a case in which he was seeking a divorce from his wife, Molly L. Barnes-Stonehouse, has been submitted and the case was closed yesterday in Justice Summerfield's court. The court took the case under advisement until Saturday, when a decision will be given. Dep. Dist. Atty. Hunt and Phil McLaughlin are prosecuting the case and Leo Youngworth is Barnes's attorney. Jane Hartigan was a witness against Barnes.

CHAMPAGNE CAR ORDERED HELD.

Big Shipment Billed to Chicago Hotel Grabbed by Officers as Needed.

If delegates to the Republican National Convention at Chicago had hoped to drink champagne they would be disappointed.

Acting under the Volstead Act, which prohibits shipment of intoxicating liquor from one State to another, Federal authorities last night stopped a consignment of 649 cases of champagne billed from a bonded warehouse in San Francisco to the Sherman House at Chicago.

Telegraphic orders were issued to hold the champagne at Needles, where it will probably be formally seized this morning.

U. S. Atty. O'Connor issued the stop-shipment order after a hurried conference at the Federal Building last night.

On March 30 of this year he was sentenced to serve five years as Governor's Island, to be dishonorably discharged from the Army, to forfeit all pay allowances and to lose his rights as a citizen of the United States.

Working out a clever plan, Bergdoll escaped from two army sergeants late in the afternoon of the 31st inst. When last seen he was driving away from his Philadelphia home in his own automobile, but it is believed that he abandoned the machine a short time after shaking off his guards.

Although a clear report of the deserter's escape has never been made public, it appears that Bergdoll informed the authorities at Governor's Island that a short time before his capture he hid \$150,000 in cash somewhere in North Philadelphia.

Through his attorneys he obtained permission from the War Department to leave the prison and to go under guard to the hiding place.

In charge of the two sergeants, Bergdoll went from Governor's Island to his family's residence and ordered his automobile. The machine was being repaired and with his guards and several friends, he went into the library of his home to wait.

While he was waiting, he was talking with the two soldiers, the telephone in the next room rang and the prisoner went to answer it. He never returned and when a search was made it was learned that he had left the house by a rear door and driven away in his car.

A search of the city was made at once, but no trace of him could be found.

The deserter was later offered \$100,000 to return to the United States, but he refused.

Probation Committee Finds Home, Hibernian, Merchants' National to be Merged.

Suspends Her, Declining to Accept Her Resignation.

Mrs. Lewis Concur; Case to Undergo Investigation.

The resignation of Dr. Muriel D. Cass as physician in charge of the Home for the Homeless, which was submitted on May 11 to the Probation Committee, together with charges against the institution, was rejected by the committee at its regular meeting last night and she was placed on record as suspended for insubordination and failure to co-operate with the committee.

She is further charged with making untruthful statements in her resignation. The meeting was held at the residence of Dr. E. E. Hammack, a probation committee member, at 180 East Avenue 55.

Attending the meeting were all seven members of the committee. They were Mrs. Cora D. Lewis, chairman; Mr. Hammack; Dr. John R. Haynes; Dr. A. H. Sutherland; Mrs. Mary L. Trowbridge; Dr. Doretha Moore and Mrs. Mary Coman.

While it had been reported that Mrs. Lewis sympathized with Dr. Cass in her views regarding the present administration at the Home, the chairman concurred with the other six members of the Probation Committee in the suspension of Dr. Cass. Mrs. Lewis has submitted her resignation to Superintendent Cogswell, but it has not been accepted.

The resignation of Dr. Cass was submitted at the time a \$10,000 bond was filed against three officials of the Home for alleged mismanagement of the Home.

THREE BANKS IN CONSOLIDATION.

Home, Hibernian, Merchants' National to be Merged.

Will Form One of Strongest Institutions in West.

Fishburn Will be President; No Personnel Changes.

The forthcoming consolidation of three great Los Angeles banking institutions was made known yesterday following a meeting of the board of directors of the Merchants' National Bank. This merger will give to this city one of the leading banks in surplus, capital and deposits in the West.

The institutions figuring in the huge deal are the Merchants' National, the Home Savings and the Hibernian Savings banks.

It has been known for several months that the Home and the Hibernian banks were about to merge their interests; it has only now developed that this is but a part in the greater scheme which the official families of the three banks hope may be completed before January 1.

The first consolidation has been approved by State Superintendent of Banks Stern and the change will become effective within a few days.

A. M. Chaffey, president of the Home Savings and the Hibernian Savings, will be the executive head of the consolidated bank, which will be known as the Merchants' National Bank.

The new bank will operate without change in staff personnel, the two main institutions at Eighth and Broadway and at Fourth and Spring streets, together with fifteen branches located at strategic points throughout the city.

The large plan is a logical development of national banking and in line with meeting the necessities of a growing city for branch banks.

The plan, which under the existing laws can be secured by national banks only through consolidation with institutions of like character, is the nationalizing of the Home and Hibernian.

The power of the combined bank will be increased by the fact that the Home and Hibernian banks are the largest in the city.

Million-Dollar Monument to City and County War Service.

Proposed Exposition Park Stadium and Amphitheater; John Parkinson, Architect.

STADIUM AS WAR MEMORIAL

Los Angeles to Have the World's Largest Amphitheater; to Seat 75,000.

Plans were virtually completed yesterday to give Los Angeles the largest combination amphitheater and stadium in the world, a great open-air coliseum structure which will cost approximately \$1,000,000 and which will stand as a perpetual memorial to the Los Angeles county men and women who served in the World War.

The idea is fostered by the Community Development Association, working in conjunction with officials of the city and county. Final details of the plan were worked out and approved yesterday at a luncheon at which were present the officials of the association, Mayor Snyder, the County Supervisor, the city and county attorneys and members of the City Council.

The plan as approved will be submitted to the proper authorities, and within ninety days after the rental agreement is signed construction work on the great coliseum will be started. It is proposed to build the structure on the ground inside the present race track, Exposition Park and this utilitarian land which is not now available for any useful purpose.

The preliminary plans prepared by architect John Parkinson call for the erection of a combination amphitheater and stadium to seat 75,000 persons and contain a mammoth peristyle for holding outdoor theatrical entertainments, grand opera, convalescent meetings, political gatherings and the like.

The great arena will be an athletic field for every form of athletic entertainment and contest on a great scale, football and baseball games, live stock and general agricultural shows.

The most striking architectural feature of the plan is the peristyle, which is the entrance to the stadium, and is the entrance to the stadium, and is the entrance to the stadium.

SNAG TEACHERS' PAY-RISE PLEA.

Cannot do It, Board Tells Citizens' Committee.

Says Schedules Prepared Will Use All Available Funds.

However, Helpful Efforts to Get More Are Assured.

When the schedule of salaries which the teachers of the high and intermediate schools of this city wish placed into effect was presented to the finance committee of the Board of Education yesterday afternoon by a citizens' committee composed of Sylvester L. Weaver, Dr. George F. Howard, Louis M. Coie, Judge McCormick and Mrs. H. L. Craig, members of the board declared that it was larger than the board can pay.

Charles Egan, chairman of the finance committee, stated that the board had prepared a schedule showing the maximum amount of money that it could spend on the schools this year and that the amount was not sufficient to provide the salaries demanded by the teachers.

What action will follow is problematical. It is probable, however, that Charles J. McCormick, chairman of the board, that the schedule proposed by the citizens' committee and the budget suggested by the finance committee will be adjusted.

Those attending the meeting yesterday, in addition to the members of the citizens' committee, were Mrs. Susan M. Dorsey, Superintendent of Schools, and members of the board. On Friday morning the citizens' committee will meet the Board of Supervisors and lay the claims of the teachers before that body. In this connection, the citizens' committee will be asked to advise the board to spend the maximum amount of money provided by law on the teachers' salaries.

BENEFIT SHOW AIDED BY GOODYEAR GIRLS.

CLUB ENLISTED IN SUPPORT OF "INGOMAR" AND FUND FOR CRIPPLED TOTS.

Instancing the broad community spirit of this city's newest great industrial organization in all its relations to civic affairs, the Goodyear Girls' Club, a social organization comprising practically the entire feminine personnel of the new Goodyear factory and general offices, has exposed the cause of the Crippled Children's Guild and is working hard for the success of "Ingomar," the notable dramatic revival to be staged tomorrow night at Philharmonic Auditorium (formerly Cline's Auditorium) to aid in financing the work of restoring crippled children to normal physique and health.

An all-star professional cast, headed by R. D. MacLean as "Ingomar," and including James O. Barrows, Emmett King, Edward McWade, Dwight Chittenden, Marie Roberts Kamm, Merle Fenton, Gibson Gowland, Nelson McDowell and Benson North, will present the play under the auspices of W. A. Clark, Jr., and Mrs. R. D. Shepherd, William Courtland, Wallace Reid, Irving Cummings and other well-known film stars will appear as the "Barbarians" and Mary Miles Minter, Katherine MacDonald, Ora Crawford, Enid Bennett, Kathryn Williams, Annette Kellerman and ten other screen beauties will sell programs.

The Goodyear Girls' Club, which recently became an auxiliary of the Crippled Children's Guild, is selling several hundred tickets for the benefit performance and in addition has undertaken to be responsible for the curative treatment of at least one child.

The guild plans to build a hospital on the former site of Singleton Court at Palm Avenue and West Adams street, and the proceeds of tomorrow night's performance will swell the fund being raised for this building.

The affiliation of the girls' club with the guild came about through Dr. C. L. Lowman, orthopedic surgeon in charge of the guild's work of restoring lame and deformed children to their normal physique and powers. Dr. Lowman learned of the Easter party given by the Goodyear girls for the children of the O. T. Johnson Memorial Home, and so he brought the work of the Crippled Children's Guild to the club's attention.

LOCAL HEIR HUNTING MISER'S MONEY BELT.

MRS. WOLF THINKS MUCH OF SEAMAN'S PROPERTY IS MISSING AT OMAHA.

[RECEIVED DISPATCH.]
OMAHA, May 25.—Mrs. Harriet Wolf of Los Angeles, sister of A. J. Seaman, the aged Omaha miner who died several months ago leaving his fortune to her, has appealed to the Omaha police to assist her in finding a money belt which Seaman wore around his waist and which disappeared between the time Seaman became ill and his death.

In the belt is supposed to be a large amount of cash, as well as a list of his securities. Until the belt is found Mrs. Wolf cannot be sure that she has discovered all the property left by the old man.

"I have received enough evidence to warrant my stating that my brother wore this belt night and day," Mrs. Wolf told the police today.

A local building and loan association recently notified Mrs. Wolf that her brother had left a bundle of valuable papers in that institution. In another institution was found a lot of Nevada and Colorado mining stock, and a deed to a farm in Kansas.

"If I can locate that money belt, many of the details of my brother's property will be cleared up," says Mrs. Wolf. "I have not been able to find what became of it, and yet somebody must have it."

The police will assist her. She has announced that hereafter she will reside in Omaha.

WILSON RAPS OUTLAWS.

Police Commissioner Grants Permit for Dance Grudgingly.

Police Commissioner C. E. Wilson yesterday denounced the method employed by the local "outlaw" railroad yardmen to hold a dance at Blanchard Hall on the evening of May 28. Under the law, the commission has no option when fraternal organizations apply for a dance permit, but must issue it. The local committee of the "outlaw" railroad men, after being refused a license on objection of Commissioner Wilson, organized "Local No. 1" of the Chicago Yardmen's Association, and automatically secured a permit. Commissioner Wilson declared that this was a subterfuge, but that under the law the commission could not stop the dance.

SOCIETY.

BY VIRGINIA WOODS

Mr. and Mrs. Kauffman.
Mr. and Mrs. Philip Kauffman
(Nancy Lane) of Washington, D. C.
who are here on their honeymoon,
were hosts last evening at a jolly
swimming and supper party given
at the Edward Lawrence Doherty home
on Chester Place. Tonight they are
giving a dinner party at the Athletic
Club and are taking their guests
later to the theater. They will go
to the Alexandria afterwards for a
midnight supper and to dance.
On Thursday Mrs. Kauffman, who
is the daughter of the former Sec-
retary of Interior, Franklin K. Lane,
was hostess at a large luncheon
and the last week-end gave a sum-
mer party at Beverly Hills. Mrs.
James Crampton Anderson, sister of
Mrs. Doherty, who is at the Doherty
mansion during the stay of the bride
and groom, entertained a few days
ago at a luncheon for Mrs. Kauf-
man.

Mr. and Mrs. Doherty are expected
home from New York the latter part
of this week. They gave a smart
dinner for Mr. and Mrs. Deader
Joseph Vessel (Nina Jones) who are
in New York on their honeymoon.
Mr. and Mrs. Vessel will return next
month in time for Mr. Vessel to
take out his final naturalization pa-
per and will leave in July for Paris
to be gone a year.

Mr. and Mrs. Smith of Kansas City,
who is visiting Mrs. J. D. Selts at
her country home at Covina, is be-
ing much feted. On Saturday eve-
ning Mrs. Charles H. Selts of Wil-
shire Boulevard is to give a dinner
party at the Los Angeles Country
Club in her honor and will have a
company of forty.

Friday evening Mrs. Selts will en-
tertain at dinner for Mrs. Smith and
will have twenty-four guests.

At La Verne.
Judge and Mrs. Albert Miller
Stephens are to entertain at lunch-
eon tomorrow at their country home
at La Verne in honor of Mrs. Eric
Fisher Wood of New York. Other
guests will be Eason and Eason
de Ropp. Mr. and Mrs. William
Mead Orr, Mrs. Ross, Mrs. Raymond
Stephens and Mr. and Mrs. Albert
M. Stephens, Judge and Mrs.
Stephens are to motor up to Berke-
ley Friday to spend the week-end
with their son-in-law and daughter,
Mr. and Mrs. Newton B. Foster.

For Mr. and Mrs. Huntington.
Mr. and Mrs. Henry E. Hunting-
ton, who are to sail for Europe on
July 21, are to be honored guests at
a luncheon that Mrs. E. Burt Holla-
day is to give at her home in San
Martino on Sunday. There are to be
about twenty guests.

For June Graduate.
Mrs. Jack Keith of Salt Lake and
Los Angeles is to be hostess at a
luncheon at the Los Angeles Coun-
try Club on Saturday in honor of
her daughter, Miss Katherine Keith
who is to graduate next month.
There are to be fifty guests—all
members of the senior class at Mar-
lborough and their teachers.

To Wed in Pasadena.
An interesting event scheduled for
the evening of Tuesday, June 1, is
the marriage of Miss Mildred Dana
Markham, daughter of former Gov.
and Mrs. H. H. Markham of Pasade-
na, to Mr. Donald West of Sunny
Va. The ceremony is to be in the
neighborhood Church of the Deacon-
ess and will be performed by Dr.
Hitchcock in the presence of rela-
tives and intimate friends. A small
reception will follow. After a mo-
tor trip the couple will reside at Mr.
West's handsome home in Sunny
Va. He is the son of Mr. and
Mrs. J. D. West of St. Paul, Minn.

Mr. and Mrs. Johnson.
Mr. and Mrs. Kirk B. Johnson of
Beverly Hills are expected home on
Thursday from a two month trip to
New York and Boston. They are
making tremendous improvements
on their handsome estate which
boasts twenty-six acres. They are
putting in swimming pools, and are
making such improvements on their
gardens that when finished it will be
one of the handsomest places in
California.

By Mr. and Mrs. Haynes.
Mr. and Mrs. Leonard Haynes
were hosts at a dinner party at Mil-
ver Peak Inn last evening entertain-
ing for Mrs. M. Smith of Kansas
City, who is visiting Mrs. J. D. Selts
in Covina. There were twenty-six
guests. After dinner they danced
and played bridge.

For Admiral and Mrs. Wood.
Admiral and Mrs. Spencer Wood
are to be honored guests at a supper
party that Mr. and Mrs. William
Preston Harrison are to give at the
Los Angeles Country Club on Sun-
day.

Attractive Luncheon.
Mrs. Kenneth Press was hostess
at a luncheon at the California Club
on Monday for Mrs. Harold En-
glish, John Garner, Jr., James Lang-
ford Stack, Mrs. Claire Woolwine,
Mrs. Clarence English, Mrs. Thoma-
s Weeks Banks and Mrs. Paul En-
glish.

For Bride-elect.
In honor of Miss Florence Lacy,
who is soon to marry Mr. James
Cyrus Smith, Miss Corinne Eisen-
mayer of San Rafael avenue gave a
tea yesterday. She was assisted by
Miss Mary and Louise Forre, Julia
Valentine, Agnes Eisenmayer, Flo-
rence Marsh, Elizabeth Urmon, Pen-
dleton and Mrs. Joseph Sullivan
and Mrs. Charles Thomas (Julia
Hayward).

Mrs. Stearns Returning.
After a two month's visit in New
York and Detroit, Mich., Mrs. Fred-
erick Kimball Stearns of Beverly
Hills will be home the first of June
and will be accompanied by her
daughter, Mrs. E. M. Hubbard and
her baby of New York, who will
spend the summer here.

ROBBERY ALL A LARK.
But if Youths Repeat Frank, They'll
Go to Prison.

When the "spirit of adventure"
and a desire to emulate a road
agent of the motion pictures strike
Golden Wood and Albert Light
again, they will count ten before
they start out to hold up some-
one. Yesterday in Judge Willis's
court it developed that the youths
named William J. Wiseman, March
18, and robbed him of \$8.02, purely
in a spirit of adventure. More than
150 persons petitioned Judge Willis
to send the lads to prison. The
court sentenced them to San Quan-
tana and suspended the sentence.

Now Feels Fine and Says Tanlac Deserves Credit.

"Tanlac has simply made me feel like a new man and for the first time in years I can eat three square meals a day and enjoy a good night's rest," said Gordon F. Stevens, Sr., popular conductor on the Los Angeles City Railway. Mr. Stevens resides at 3590 South Harvard Boulevard and has been living in Los Angeles for the past fifteen years.

"For fifteen years I have been suffering with stomach trouble," explained Mr. Stevens, "and at times I suffered so with gas that I could hardly get my breath. I would blot all up and the pain and suffering I went through can't be told in words. I had to sit up night after night in a chair because of the smothering feeling that came on when I tried to lie down. During the last three years it's a wonder how I kept on the job. Sometimes I could hardly ring up the fares on my car. I scarcely ate a thing and was so weak and discouraged at times I almost got to the point of just turning in my cap and badge and quitting my job."

"I had about lost faith in all medicines but my wife who had been nearly as bad as I was started taking Tanlac and when I saw the relief it brought her I took some of hers and I'm glad to say that there is one medicine that is different from all others. I commenced to improve with the first few doses and I am now feeling better than I have in fifteen years. All my stomach trouble has disappeared and my appetite is splendid. I eat three big meals a day and enjoy every mouthful. I have only taken five bottles of Tanlac but have gained steadily in weight and now I can go to bed at night and actually sleep like a log 'till morning. I'm glad for everybody to see what Tanlac has done for my wife and myself, for I feel that the good results we both have received are proofs of the real value of this medicine and our statement may help others."

Tanlac is sold in Los Angeles, Pasadena and San Diego by The Owl Drug Stores under the personal direction of a special Tanlac representative. [Advertisement]

Business Men Protest Against Poor Postal Service.

Noted Artist to Make Home in California.

(LOCAL CORRESPONDENCE.)

PASADENA, May 28.—The plan to have Pasadena outshine such noted eastern golf centers as Pinehurst and Belleair, Fla., is progressing even more rapidly than anticipated, said George A. O'Neill, the Chicago golf course architect who is laying out the new courses for the Pasadena Golf Club. Mr. O'Neill has just returned from Chicago after six weeks absence, to inspect the construction work.

Contractions on the first eighteen-hole course will be completed July 1 and work will be started immediately on the second course. Mr. O'Neill, president of the golf club and also of the California Hotel Company, with which the club will be allied, states that water pipes, grass seed and fertilizer are in readiness and that the new courses will be ready for the winter play. The Pasadena Golf Club took over the Altadena Golf Club two months ago.

Some of the champion golf professionals of the country will be brought to Pasadena next winter as instructors, said Mr. O'Neill at a luncheon given in his honor at the Maryland today. Among them will be James Barnes, Jack Crooks, Lee Dietz and Eddie Low.

POSTOFFICE PARTIAL SERVICE. Frictions against poor service in the Postoffice Department, alleged to be due to the deterioration of the service caused by the low pay of employees of the department, were sent to the California members of Congress today by the directors of the Pasadena Chamber of Commerce and Civic Association. The directors urged the California delegation to vote to increase the salaries of postoffice employees.

A. R. FROST, CALIFORNIA ARTIST. A. R. Frost, the famous artist and illustrator, whose rustic types have been familiar features of such periodicals as Collier, Harper's and Scribner's for years, has arrived in Pasadena from the East to make his permanent home. He and Mrs. Frost and their son, John, Frost, who also is an artist, are guests at the Hotel Vista del Arroyo, where they will remain this summer. They expect to buy a home here.

OBJECT THEATER. Representing a group of citizens residing on the west side of the city, A. G. Allen appeared before the City Commission today and requested the city to stop the construction of its open-air theater in Brookside Park. The theater is now being arranged by the park department. The protesters objected to the location, saying it was too far up the hill and that the crowds attracted to the place would create a dangerous traffic situation. The request to stop the work was denied by the commission.

PASADENA, May 28.—Pasadena letter carriers will don khaki, discarding the post-office gray, on Friday. Their petition to Postmaster Clark McLain to be permitted to wear khaki instead of the regulation uniform has been granted, with the approval of Postmaster-General Burleson. The letter carriers asked permission to make the change because they can get khaki suits for \$11, while the others cost \$22.

be built at the Southwestern Shipbuilding plant here, was launched at 5:30 this afternoon with several thousand employees, officials of the company and their friends in attendance. The steamer was christened by Mrs. George A. Brown, wife of the local inspector for the Emergency Fleet Corporation. The West Nomentum, the fifteenth steamer built at the yard, will be turned over to the Columbia-Pacific Navigation Company tomorrow and will sail for Portland at once. The West Nomentum was given her official trial trip several days ago and was accepted by the United States Shipping Board.

San Diego Judge Sends Couple to Jail.

(LOCAL CORRESPONDENCE.)
SAN DIEGO, May 28.—Police Judge E. L. Davis this morning sentenced Bruce Burton to serve thirty days in the City Jail, following his plea of guilty to a charge of violating the city morals act. Judge Davis announced from the bench that in the future he would not be lenient with violators of the morals act and intended to send diseased men to the City Jail, as well as diseased women to the Mission Valley Hospital. Burton was arrested in the company of a woman giving the name of Julia Reynolds by Officers Hesse and Comstock. Saturday night at 1028 P. street. The couple were arrested in Police Court yesterday and asked that they be permitted to get married. Judge Davis refused this request, stating that it was an easy way of escaping punishment and ordered that the woman be sent to the Mission Valley Hospital and Burton to the City Jail for examination. Judge Davis announced this morning that in the future he would send all violators of the city morals act found guilty to jail.

ARMY AVIATOR HURT IN FALL.

STANDARD BRINGING IN NEW OLD WELL--CITY COUNCIL BANS BOXING.

(EXCLUSIVE DISPATCH.)

SANTA ANA, May 28.—When his airplane crashed 100 feet to the ground, Lieut. Hutchinson was badly cut about the face and his right leg was broken in two places below the knee. The accident happened early this afternoon at Newport Heights, where the air detachment from North Island has a temporary camp during the heat maneuvers. Hutchinson had just gone into the air, when the accident occurred, the plane being wrecked in the fall, a quarter of a mile from camp. Gunner Roush, who was also in the plane, was unhurt. Hutchinson was brought to the Santa Ana Hospital for treatment.

NEW OIL FIELD.

With a fine showing of oil obtained in the washing out process, confidence was expressed today that the Standard Oil Company has opened up a new oil field on the Huntington Beach mesa where drilling has been progressing for the past six months. The pump, it is said, is set at 1800 feet and the next day or two is expected to show the value of the well. Heavy gas pressure accompanied the cleaning of the casing, spraying oil over the derrick and adjacent buildings. William Brown, general production superintendent for Southern California, Supt. Barker of the Whittier-Fullerton field and Asst. Supt. Barrett were all on the ground at Huntington Beach today, watching the developments. Great interest has been taken in the drilling in this new territory and hundreds of automobile parties visited the well today.

(LOCAL CORRESPONDENCE.)

POMONA, May 28.—The Pomona High School student body and teachers voted unanimously yesterday to support the campaign for raising funds to complete the \$200,000 Y.M.C.A. Building now in course of construction. This action was taken following an address made before the High School assembly by Charles B. Brown, a veteran Y.M.C.A. worker, who, for a quarter of a century has been a leader in that organization. He comes here from Boston to direct the campaign and after a recent informal conference with the directors of the local Y.M.C.A. declared that it was his preference to speak to the High School students first, rather than at some church.

"Stop, Bill!"

"Why, you didn't use to mind a friendly clap on the shoulder."
"No, but lately I haven't been my usual smiling self. My nerves are steady, but I am bothered with a slight headache all the time. I eat, work and sleep as much as ever, but I don't get the all-fired joy out of life that I used to."
"Yes, I know. You wake up in the morning with a taste as though you'd been dieting on anybody that contradicted you up to the morning. And along about then John J. Fatigue starts you to yawning as though unhinge your lower jaw."
"You're right. But how do you know all this?"
"Because I felt the same way, until about a month ago. I was constipated. Then a doctor told me to take a laxative. It was absolutely horrible. It made me feel as though I was being pulled apart. I was in the bathroom, contracting and relaxing as they should, to squeeze the food waste along as it passes naturally out of the system."
"Three or four days of Nujol, and my headache and had a real 'how-dye-do' for the first time. Just a relaxing Nujol night, and morning the trick."

BRINGS HOME STAR.
GOLDWYN DISCOVERS FRENCH GIRL OF TALENT.
By Grace Kingsley.
The suspense is over, and we can all breathe freely once more! Samuel Goldwyn is not going to leave the Goldwyn film organization. Moreover, according to word just received from New York, where he has returned following his trip to Europe, he means to produce pictures in France and England. Mr. Goldwyn says that the matter of building theaters is now occupying his play world mind of Europe. Of course, no big picture maker could go to Europe without discovering a film star, and Mr. Goldwyn yesterday said that he has discovered a French girl of 19 now acting in films in Paris. He won't tell her name, but he says that she is a native of this country. Maybe he really doesn't know it himself, because he is going to give her a new one. Seven companies are at work now at the Goldwyn studio, but the number is to be enlarged to twelve next September, according to present plans. It is not likely any more stars will be signed, that is, not lone stars, but the latest fashion in stardom will be pursued, viz., all-star features will be produced. At least two of the Eminent Authors are going to write direct for the screen. These are Basil and Gouverneur Morris. Mr. King already has a story completed, and Morris is about to begin. Mr. King is shortly to return to New York, and will bring his wife West to remain for at least a year. He said yesterday that he and Mrs. King expect to become "native Californians." According to information gleaned at the studio, Goldwyn stars are to be provided with unusually interesting stories. Mabel Normand's next is to be "Head Over Heels," in which Mabel has been starring on the stage. Miss Normand is at present in New York shopping for costumes. Jack Pickford is to play "Old Hutch," a story of George Smith's story, Clarence Badger directing. Frank Lloyd's troubles in searching for an actor qualified both professionally and by nature to play the name part in "The Great Lover," seem to be ended. John Salsop has been engaged. Two for "Lettie." An interesting bit of news came to light yesterday when it became known that two of the principal roles in Elmer Harris' "So Long Lettie" have been cast. Grace Darmond, at present in Kosmik films, is to play "Lettie," and T. Roy Barnes will present the role created by Sydney Grant. The production is to be made by Al Christie. Among the Stars. Lieut. Ormer Locklear, also known as the daredevil aviator, was signed as a star by Fox Film Corporation yesterday. Naturally he will play in pictures demanding stunts in his particular line of acrobatics. Pickford Bulletin. A very happy future together in what is called "Pyramus-and-Thisbe" combination of picture and play. Jack Pickford and Olive Thomas, his wife, are looking forward to it. In the first place, Jack says that while he isn't going to make any definite announcement about it, because he doesn't know just when they will go, he and his wife are to take a trip to Europe. "But not to worry, no sir," said Pickford yesterday. "We're going to lose and see the country. We're not pulling any bunk about making pictures abroad. We're just going to enjoy ourselves." But this is not all. As soon as each makes another picture, Miss Thomas for Pickford and Pickford for Goldwyn, they will journey together to New York for the film. "Stick-a-Bed" Case. Frank C. Egan announces that the farce, "Stick-a-Bed," by Ethel Watts Mumford, will open at Egan's theater June 7 with an all-star cast. Rehearsals were begun after many trials and tribulations in the matter of selecting the players. In the cast are Wallace Reid, Kathleen Clifford, Charles Evans, Helena Phillips, Orla Harlan, Vivian Rich, King Baggot, William Courtleigh, Ernest Joy, William Crozier and George Stone. Vivian Rich will play the role in which Mildred Harris Chaplin was to have appeared, viz., that of Constance Weems. Elmer Fair, Ingenue. Life for Elmer Fair is just one ingenue after another. Miss Fair had no sooner finished the ingenue lead with Lew Cody in "The Mischief Man" than she was immediately engaged to create another similar role opposite Cody in his next production. Nazimova Buys House. As a result of the fact that she does like California and that she means to live here as much as she can in the future, Mme. Alla Nazimova, Metro star, has just purchased a handsome new home in the western part of the city. The price, it is said, was in the neighborhood of \$100,000. Will Rogers, Too! And, speaking of homes, Will Rogers, Goldwyn star, has likewise just bought a home for himself, his wife and the four little Rogers. So that now, declares the irrepressible Will, there isn't going to be any more complaint from grateful landladies when a little Rogers, in his or her artless play, smashes a window or wrecks a fence. The new home is in Beverly Hills. Rogers wanted to build a high wall all around the front of it, to keep his youngsters inside, but it seems he's changed his mind. He is now prohibiting such a wall, except the back of the house. So now Will says he's going to make the back the house, and he is doing this by renovating the whole place. One change he is making is the tearing out of the concrete steps leading up to the house. He is doing this, he says, because there's a plot of ground in the center, "which looks," declared Rogers, "as though the owner had picked out the spot to have himself buried in, and I don't like the looks of it." New Player With Ray. Charles Ray and his company, including Ann May, his leading woman, and a new player known as Dellorice Johnson, left last night for

SAM ROKK HAS PREHISTORIC MENAGERIE.
By Edwin Schallert.
Not satisfied with making up-to-date animals perform all sorts of stunts before the camera, arrangements are now under way to introduce a prehistoric menagerie as part of a big feature production. There is to be a regular troupe of dinosaurs, pterodactyls, ichthyosaurs and the like denizens of the stone age. They are to appear in a picture planned by Sam Rork, his Georgia feature, which is probably the first of his special, which will be a filmation of Conan Doyle's novel, "The Lost World." Sounds like somebody was seeing things, we'll admit. And the question naturally arises, how is it to be accomplished? Well, that is the secret of the actual workings of which are only known to the Rorker Film Company of Chicago. Mr. Rork is collaborating with them. Some months ago Mr. Rorker informed me that he was carrying on a series of experiments in the reconstruction of prehistoric animals for educational features. I understand that he has now actually made one of these features, and the prop animals in the film story. He says that their activities can be realistically visualized in the screen, particularly in motion and engaged in their battles in the air and on land. The animals are operated by mechanical devices and are remarkably close approximations of the scientific idea of the prehistoric creatures, it is said. Musical Frivolity. "Derby Day" at Pantages this week hasn't a thing in the world to do with the opening of the new summer musical comedy show. There's a young American of the little Johnny Jones variety who goes to England to ride the ponies. And incidentally wins an attractive American bride on Derby Day. The musical comedy is a comedy of the kind which is much to the performance. The cast is headed by Joe Kemper and Ralph Bell, and there is a chorus of summer girls. Others on the bill are Frank Morrell, who tells stories and sings popular numbers; Howard and Leva in a humorous sketch laid in the wilds of Arizona; Peggy Lahey, who sings "Dancing and the Movies"; J. C. Mack and company in the original comedy creation, "The Rorker's Rorker"; and Marguerite in an acrobatic novelty; King Baggot and company, in another episode of "The Hawk's Trail." Success Film Continues. "What Something," the picture telling the story of success based on sound principle, continues to show at the Victory Theater. The cast of the film is headed by the regulars of the stage, for he is one of the most successful of the regulars. Round-up Today. A full-speed-ahead round-up is to be staged today by Bill Rork and his company of cowboys near Silver Lake reservoir, where sets have been erected on a location. The film stars are a group of cowboys visiting the scene. It is announced that the general public will be admitted after 1 o'clock in the afternoon. Pasadena Community. "Bunny Pulls the Strings" is proving an attractive comedy as presented by the Pasadena Community Players this week. This is one of the final productions of the regular season at the theater. The company is, however, planning a series of outdoor performances during the summer. In the cast of "Bunny" are Mrs. W. Allen; John Campbell, Jack W. Allen; Howard and Annie Drummond. The play is being produced under the direction of Gilmore Brown. Patriarch of Stage. W. J. Ferguson who appears in R. W. Allen's picture, "The Deep Purple," from Paul Armstrong's crook play, which comes to the California Sunday, is one of the oldest stars of the stage, for he is one of the few men alive today who witnessed the assassination of Lincoln. Mr. Ferguson was a member of the same cast as Willie Booth when that actor fired the shot that plunged the world into mourning. Katherine MacDonald Special. Two new stories have been purchased for Katherine MacDonald by Sam Rork, the producer. One is "The Brass Bowl" by Louis Joseph Vance and the other "The Second Lady" by the Williamson. Both of the plays will be staged in a different type of role than heretofore, for the plots revolve around the solving of crime mysteries. MORE SPARKLES TO AID AT BENEFIT. Beulah Loe, Berna Owen, Annette Kellerman, Enid Bennett and Katherine MacDonald have added their names to the list of film queens who will sell programs at the performance of "Ingomar" at Philharmonic Auditorium tomorrow night for the benefit of the Crippled Children's Guild. The play, a romantic drama, is being presented by an all-star cast, which will include many of the most popular stars, headed by Wallace Reid. It will be elaborately staged and costumed. R. D. MacLean, a veteran actor of New York, has the leading role. BURNS PROVE FATAL. Gas Explosion Kills Housewife of South Grinnell Avenue. Mrs. C. H. Lorenz, 45 years of age, of 141 South Grinnell avenue, died late yesterday afternoon as the result of burns received when a gas explosion occurred in her kitchen stove. The body was taken to the undertaking rooms of John H. Paul. Mrs. Lorenz was making a cake when the door of the oven was blown open and her house dress was ignited by the flames. Rushing to the back yard Mrs. Lorenz screamed for help and neighbors extinguished the fire with water. Police surgeons at the Receiving Hospital who fought for several hours to save the woman's life found that she was burned from her knees to her head. She was unconscious when taken to the hospital and died four hours later.

OLD SPANISH GRANT MUST REMAIN INTACT.
MRS. SEPULVEDA ORDERED NOT TO DEED AWAY ANY OF APABLASA ESTATE.
The first battle to prevent the breaking up of a Spanish grant deeded to the family by Gov. Pio Pico was won yesterday by John V. Apablaza, who is suing his mother, Mrs. Concepcion Apablaza Sepulveda, and several heirs by her second marriage, to prevent them from disposing of any of the family estate except by the terms of an agreement between his mother and himself. The case came to trial in Judge Shenn's court and he ruled that the plaintiff has sufficient cause for action and that the case must come to trial. According to an agreement between Mr. Apablaza and his mother, he is to receive an equal portion of the family property with other heirs upon the death of Mrs. Sepulveda. His mother has been disposing of sections of the estate by deed and will.

JAMES SHEPPARD HEADS OCCIDENTAL STUDENTS.
In one of the most spirited elections ever held at Occidental College James Sheppard was yesterday chosen president of the student body for the coming year. Florence Hildcock was elected vice-president; Louise Warren, secretary; Fred Curtis, athletic representative; Guy Wadsworth, oratorical representative; Cliff Rigby, editor of the school paper, and Sam Sullivan, editor of the school paper.

ORTEGA TRIMS CLIFF JORDAN.

San Francisco Batter Musses Up the Local Lad.

Grunan and Ketchell Mill an Upticks Affair.

Russelli and Farrell Break Even at Doyle's.

BY ED O'MALLEY.

"Betting" Ortega, a San Francisco importation from San Francisco, along into Cliff Jordan, father effectively at Jack Doyle's parlor last night in the window. The batter was an untouchable and looked like a rather small edition of Willie Meehan, but in every respect of his fast he carried a bunch of surprising material and made life miserable for Cliff almost the entire journey.

Ortega, mauling away incessantly, started in for Jordan's collar and entered his attack in that region for the first two rounds. Cliff showed great gameness, but was pretty well punctured going into the third round, and many of his admirers thought he would hardly be able to weather it. He stuck with the batter, however, and to the surprise of all present came back with a rally in the final session.

BEGIN TO TIRE.

It was here the Prince laid began to tire and Cliff began to show his teeth. Ortega showed up a great deal but the sorry punishment began to tell on Jordan and he was a pretty well-worn mortal when the even ended. Ortega was awarded the decision. He made a great hit with the fans by his fast mauling and unrelenting aggressiveness and will probably be seen in action again Tuesday night.

In the semi-weighed Young Ketchell and Al Grunan boxed a draw, but many thought the referee had erred and that Al should have been given the victory. It looked like a pretty even affair for the first two rounds, but in the last session Grunan hurt Al on Ketchell's good and proper and had the round all to himself.

The other bouts resulted as follows: Charlie Russell and Young Farrell, draw; Tommy Cello beat Harry Cassini; Kid Mende trounced Tommy Chappell; Ralph Penn whipped Fred Newman and "Baller" Trimmer and Young Pake milled a draw.

HUTCHINSON IN LEAD.

WEST BAYERS (Ind.) May 25.—Jack Hutchinson of the Bigwater Golf Club, Chicago, took the lead in the first day of the professional golf tournament on the West Baden Springs course today with a score of 184 for the seventy-two holes.

OAKLAND, May 25.—Rollie Seider, second baseman of the Oakland baseball club, was unconditionally released today.

TROJAN ELEVEN TO PLAY EASTERNERS.

Graduate Manager Henry Bruce of U.S.C. yesterday announced that he had signed a contract with Graduate Manager J. J. Richardson of the Oregon Aggies to bring an eastern football team to the Coast in 1935.

The plan is for the easterners to meet the Aggies in the North on November 5 and U.S.C. here November 11, the two Coast universities to split the guarantee. Overtures will be made to teams that make good showings in the West next fall, said Bruce.

ANGELS ANNEX OPENING GAME.

Wallop the Vernon Tigers in Vicious Contest.

Sam Crawford Snacks Out a Juicy Home Run.

BY HARRY A. WILLIAMS.

After they had viciously attacked each other for an hour and a half, it was found that the Angels had tied the can on the Tigers.

Score: Los Angeles, 2; Vernon, 1. Three cheers! And also curses!

In writing up games between the two southern clubs one must view the matter broadly, and not make statements calculated to get anybody's goat.

History, which is replete with repetitions, chased itself around in another cycle, as it was Curly Brown, who was the pitcher for the Angels, who was the pitcher for the Tigers.

The game started out to be a pitching duel between Curly Brown and Bill Perry, but the Angels' pitcher changed his mind after heaving to two batters.

Two passes came to Bill to fadeout, and for the first time this season, Byron Houck uncoiled his splitter before a local audience.

MAKES FISHING A GENUINE JOY.

The boys out this way have discovered a new method of catching fish since the game wardens made them out shooting the trout with dynamite.

The new method requires only the use of a plug of tobacco and a medium-sized club about eight feet long.

The angler cuts the plug into small pieces, crawls up close to the edge of a pool, and throws the pieces into the water.

The trout grab the pieces of tobacco and begin to chew on them, and when they come to the top to spit the fisherman hits them over the head with the club.

OF FIRST IMPORTANCE

—the right corset

A frock or suit is as good as your corset makes it look—the simplest frock or suit gains added charm over the right corset; the most elaborate gown loses its attractiveness over the wrong foundation.

Be sure you are wearing the right corset before you buy your Spring clothes; it is of first importance.

And when you buy your new corsets, be mindful of this; natural line is still the vogue. Buy your corset with the idea of accentuating the natural beauty of your figure. Buy the corset that will give you comfort, the corset that will give you poise and perfect body proportions without a moment's feeling of restraint.

In the corset departments of those stores in Los Angeles you like best and favor most with your patronage, you will find Gossard Front-Lacing Corsets.

Permit one of the expert corsetieres to demonstrate the superiority of these original front-lacing corsets; her personal interest in your satisfaction will assure you the corset best suited to your needs.

There is not a type of figure, however unusual or difficult to fit, but can be successfully corseted in Gossards—successfully corseted to wear any of the diverse vogue now so evidenced in the Spring wardrobes, from flowing negligee of Egyptian inspiration to the bodiced French peasant frock with accented waist and bouffant hip lines.

In spite of scarcity of materials and difficulties of present-day manufacture Gossards are moderately priced and you will find beautiful models suited to your needs at the price you wish to pay.

GOSSARD Front Lacing CORSETS

are easy to buy because they are sold at those stores in Los Angeles that, through superior service, merit your charge account. Look for the name **Gossard** on the inside of the corset. It is your guarantee of the original.

GIRL LOYAL TO "LOVE PIRATE."

Charmed by Tears of Youth Held for Taking Rings.

Regrets Arrest She Caused; Mother Denies Romance.

Dew to be Freed if He Pays His Female Creditors.

Jack Dew, the handsome, debonaire captor of a hundred feminine hearts, still has a warm spot in the affections of June Hunter, a pretty blonde high school girl, whom he had planned to marry. Dew is now a prisoner in the City Jail at Long Beach, charged with having embezzled two diamond rings from two sisters, Miss Hunter, who was directly responsible for the unravelling of Dew's love-making career, residence at the Rex Arms Apartments with her mother, Mrs. C. Hunter, a wealthy apartment-house owner.

Miss Hunter still holds hopes of seeing Dew released. She is distressed by his plight and said yesterday that there is yet a fair chance for a reconciliation.

"Though I love Mr. Dew just two weeks before he disappeared," said Miss Hunter, "I am certain he is not a criminal when he comes to me with money and jewels from women by trickery. I liked him very much and when our romance was shattered by his arrest it almost broke my heart. He wanted to marry me and we had planned to slip away to Santa Ana for the ceremony."

"I knew he had had numerous love affairs with other women, but I didn't blame them in the least. He is such a handsome youth and possesses such a pleasing personality that any girl would fall in love with him. Nor did he attempt to keep secret the previous love entanglements. He has shown to my mother and myself many, many pictures of the most beautiful women who had fallen in love with him. There was nothing sensational in our little romance, for seldom was I alone with him. Always at the theaters and the cafes my mother accompanied us."

"I have been asked how we became so infatuated with each other. Perhaps it was because he was so temperamental. Often while talking with me he would break down and cry. It was his crying that aroused my sympathy for him."

"It has been published that he embezzled \$155 from my mother. He did not embezzle this money nor did my mother give it to him directly. I knew he was in need of funds so I, myself, went to mother and told her of his financial difficulties. Then she loaned the money to him without asking for any security. I am to be blamed for the disappearance of this money."

"I do not believe Jack had the intention of swindling my mother. When he disappeared a week ago, mother and I thought it best to employ detectives to find him. We thought harm might have befallen him and it was with the intention of having him arrested that we tried to locate him."

"I fell in love with Jack because he is so different from the average young man in Los Angeles. The majority of them are so shallow. Jack is not one of the brainless type. He has a brain and he knows how to use it."

Dew was arrested last Sunday at Long Beach on a charge of having embezzled two rings from Mrs. J. V. Redmond and Miss Margaret McCormick, sisters, of Sterling, Colo. He admits he is a "love pirate," that he has captured the hearts of more than 100 women. And Miss June Hunter is one of them.

Mrs. Hunter, accompanied by a Nick Harris detective, visited Dew at the Long Beach jail yesterday afternoon and held a two-hour conversation with him. He first requested that he be permitted to speak with Mrs. Hunter alone, but the police objected. Then in the presence of Mrs. Hunter and Detective McLendon of Long Beach, Dew gave a tale of the misfortune of youth. He told them that he is the son of a wealthy family of Belleville, Ill., where he has a brother and a prominent railroad official and the other a physician.

He also told Detective McLendon that he is the victim of circumstances. He said that he had met a very wealthy woman who lavished large sums of money upon him and that after they broke off friendly relations, he had to seek elsewhere for funds.

"Mr. Dew has cried," said Mrs. Hunter last night, "but everything will be smoothed over successfully. The statements that he was engaged to my daughter and they had planned an elopement are untrue."

ISLANDS' CHARGE GIVEN LOCKE.

Now Los Angeles Bishop is Assigned to Manila by Methodist Body.

Manila is to be the new headquarters of Bishop Charles Edward Locke, for twelve years pastor of the First Methodist Church here. The general conference at Des Moines yesterday assigned him to the Philippine Islands as his first Episcopal charge. Among changes in the residences of bishops announced are F. D. Lee from Atlanta to Indianapolis; W. O. Shepard from Wichita, Kan., to Portland, Or.; F. J. McConnell from Denver to Pittsburgh; and W. F. Thirkield from New Orleans to Mexico City. Bishop A. W. Leonard is reassigned to his old charge at San Francisco, which church division includes Los Angeles, C. I. Meade goes to Denver, H. C. Stuntz to Omaha, C. W. Burns, Helena, Mont.; Thomas Nicholson, Chicago; W. F. Anderson, Cincinnati; Theodore S. Henderson, Detroit; R. E. Jones, New Orleans; L. R. Wilson, New York, and residences in foreign lands include F. T. Keeney, Foo Chow; W. S. Lewis, Peking; L. J. Birney, Shanghai; Herbert Welch, Seoul; Korea; W. F. Oldham, Buenos Aires, Argentina.

NAMES SUNDAY SALVATION DAY.

Support for Army Asked by Mayor; Drive to End in Four More Days.

Praising the work of the Salvation Army, which has made Los Angeles "a better and happier city," Mayor Snyder yesterday appealed to the public to support it in its present home service campaign and urged that Sunday be set aside as Salvation Sunday in all churches. He asks pastors to take special collections on that day for the cause. Tomorrow is Good Sports' Day; Friday is Women's Day, and Saturday, American Legion Day. Frisella Dean, as a Salvation Army lassie, will appear Friday at Seventh street and Broadway. A Salvation Army tea will be held at the Alexandria ballroom Saturday from 4 to 7 o'clock and theatrical stars will entertain.

My daughter is not yet on the marriage market."

Dew has wired to his relatives in the East for funds to pay off his debts, as he has been informed that if he reimburses Mrs. Hunter and other women from whom he secured money he will not be prosecuted.

Miss Hunter has been a student at three local high schools. She left Los Angeles High School last January, on account of sickness. She is 17 years old.

Pennsylvania VACUUM CUP CORD TIRES

Economy Prices

—prevail on Vacuum Cup Tires and "Ton Tested" Tubes, as proved by a comparison of these standardized net prices with those asked for ordinary makes.

The present moderate schedule is made possible by greatly increased production by a thoroughly competent organization, an up-to-the-minute factory using every improvement and labor saving device, and a zone selling system which markets, with approximately the same selling facilities, an ever-increasing production.

These prices are standardized net, uniform throughout the United States.

Pay no more—do not expect Pennsylvania products for less.

Adjustment basis—per warranty tag attached to each casing:

Vacuum Cup Fabric Tires, 6,000 Miles
Vacuum Cup Cord Tires, 9,000 Miles

SLAYER WIDELY SOUGHT ROBBER.

May Trace Other Deaths to Murderer of Policeman.

Dragnet Snags Killer Five Hours After the Crime.

Chief Hurt During Manhunt; Victim's Valor Praised.

Arthur Collins, the bandit who early yesterday morning shot and killed Police Patrolman D. C. Hathaway near Twenty-fourth and Main streets and was captured five hours later at Twenty-first street and Grand avenue, is wanted in several other cities for robbery, and perhaps for murder. Detective Sergeant Cline of the police identification Bureau after the arrest of the slayer found that the man is wanted at Denver, St. Louis and other cities beyond the Rockies, as well as in Arizona and Northern California. In all these cases Collins is charged with highway robbery, and in several instances he exchanged shots with officers. The police here are investigating to learn if any of these battles involved fatalities.

Yesterday in making a confession, Collins declared he is 21 years of age. The police, however, state he is at least 30. He told the questioning officers that he was born at St. Louis and started on a career of banditry about four years ago. He stated that he "worked" most of the large cities and always "made plenty of money." He came here from Denver about three weeks ago.

The man further said he has served five terms in various prisons.

LOOKING UP RECORD.

According to Chief Home, who secured the confession from the prisoner, he refused to tell of shooting scrapes in which he has figured in various cities. He admitted, however, that he has several times engaged in pistol duels with police officers. Chief Home ordered telegrams sent to all places named by the prisoner, to learn if he is known to have killed anybody.

The killing of Patrolman Hathaway by Collins, when the officer went to the assistance of Jack and Sam Salling of 187 West Forty-third street and Lawrence Piazza of 123 West Eighty-seventh street while they were being held up by the bandit at Twenty-fourth and Main streets, was an accident, Collins declared. His version is that he fired in an attempt to "scare" the officer and did not mean to kill. The bandit's victims relate that he was holding them at the point of his revolver when Patrolman

MAYOR TAKES PEN IN HAND.

Has to Sign His Name Twelve Hundred Times Before City Gets Bond Cash.

Mayor Snyder yesterday afternoon began the task of signing his name 1200 times to the \$1,200,000 of harbor improvement bonds which were delivered at the City Hall yesterday.

The Mayor signs his name "Meredith P. Snyder" and at the time he shut up shop yesterday afternoon he was signing at the rate of seven signatures a minute and still going strong. He will sign more bonds today and will finish tomorrow.

The bonds, which are in denominations of \$1000, will be delivered to the local bond house syndicate Friday and City Treasurer Powell will receive, as required by law, the actual cash in gold, silver and currency, amounting to \$1,217,500. This includes the premium paid by the successful bidders for the bonds.

Hathaway drove to the curb in his automobile and ordered Collins to get out. The highwayman fired one shot at the officer's head. The bullet pierced the officer's right side and lodged near his heart.

Hathaway stumbled from his machine, fired two shots at the fleeing hold up man and handed his revolver to Mr. Piazza, with orders to take up the chase.

The officer was hurried to the Receiving Hospital, but he died a short time later.

WENT TROTTING OUT.

When news of the killing was flashed to him by telephone, Chief Home ordered out every officer that could be reached and threw a line of men about the neighborhood where the shooting took place. Following a search of about five hours, the bandit was discovered within the police cordon by Chief Home, Police Detective Cline, Capt. Lee Heath and Lieut. Hagenbaugh. He surrendered without a struggle. He was not told of the officer's death until after he had made a full confession.

During the manhunt, Chief Home was painfully injured by falling twelve feet from an embankment. He refused treatment until after the capture, and then remained in his office, working out the evidence in the case, although ordered to bed by Police Surgeon Stadfield. The doctor said the fall had injured the chief's back and neck and that he should remain in bed several days.

TRIBUTE TO DEAD.

The Police Commission yesterday adopted a resolution praising the heroism of Patrolman Hathaway and his "valor and devotion." The commission also commended the Chief of Police and the members of the department for the "valor and skill with which the confessed murderer was hunted down." Patrolman Donald C. Hathaway was 34 years of age and lived at 230 East Fifty-second street. He leaves a widow and an 8-month-old daughter. Before joining the Police Department, June 25, 1918, he was a life guard at Venice, where his father now resides.

SWEETNAM'S REMOVAL IS UNDER ADVISEMENT.

POLICE COMMISSION HEARS LAST OF TESTIMONY AGAINST ACCUSED PATROLMAN.

After hearing Patrolman Sidney Sweetnam's denial of charges of conduct unbecoming an officer and of inefficiency, the Police Commission yesterday took under advisement the question of whether or not to remove him from the department. Sweetnam was represented at the hearing by Atty. Warren Williams, who had several fits with Mayor Snyder.

A few minutes before Sweetnam's case was called the commission, in line with similar action taken by the Fire Commission, passed a rule prohibiting attorneys from appearing before the commission as counsel for discharged or suspended employees. Mr. Williams was reminded by the Mayor that (Williams) would probably be the last attorney permitted to appear before the board, and Mr. Williams retorted that the courts would review any acts of the Police Commission. Mayor Snyder only smiled and went on with the hearing. Sweetnam admitted that on the night of May 14, 1919, he rode in an automobile to Oxnard and to Ventura, where he was investigating a case. He denied that he had done anything wrong, and said that he did not know that the purpose of the trip was to secure affidavits from the Wright woman. He said a colored man and woman were in the back seat of the machine, but insisted that he did not know who they were making the trip.

UNDESIRABLE ALIENS ORDERED DEPORTED.

By an order of the Department of Labor received yesterday, Jesus Ruiz, Quana Alvarado, his wife, and Rita Guineas, are to be sent back to Mexico, having entered the United States in violation of the immigration law and just completed a jail sentence in Riverside county on the charge of violating the national prohibition law. They will be sent to Calexico and from there will cross the line to Mexicali. A similar order was received for the transportation to Mexico of Mariposa Ayne, with her four children, living at 537 Banning street. Tomorrow Immigration Inspector Brewster will take five Chinese and two Japanese aliens to San Francisco on the Queen, en route back to their native lands under a deportation order.

TO WIND UP COMPANY.

Breese Bros. & Todd Company yesterday petitioned the courts to dissolve the corporation. The stockholders at a meeting Monday consented to winding up the affairs of the company. The directors are J. W. Todd, P. W. Breese, R. E. Breese and J. J. Lamb.

A Few Real Bargains in Residence Lots

We are commissioned to sell for the owners a few scattering lots in West Boulevard Heights to terminate a subdivision project which has been dormant for years.

We are authorized to let these lots go at less than original subdivision prices, in spite of the fact that they are now surrounded by beautiful homes, and are greatly enhanced in value.

This is one of those exceptional opportunities which sometimes come to some of us. The very lot you want may perhaps be between two charming homes. It may be one of only two or three vacant lots on an entire street.

The location is beautiful—almost opposite La Fayette Square—between Washington and West Adams, about 30 minutes from downtown by either car line. One of the city's best grammar schools is only a few blocks away. The new L. A. High is also conveniently reached.

We'll be glad to show you the lots or you can go out yourself. Take Washington Street car to West Boulevard. Tract office is right there.
